

REGULATION 2.08 Fees

**Louisville Metro Air Pollution Control District
Jefferson County, Kentucky**

Pursuant to: KRS Chapter 77 Air Pollution Control

Relates to: KRS 77.195 and 77.205; 42 USC 7661a

Necessity and Function: KRS Chapter 77 authorizes the Air Pollution Control Board to adopt and enforce all orders, rules, and regulations necessary or proper to accomplish the purposes of KRS Chapter 77, including establishing fees. ~~The Clean Air Act Title V (42 USC 7661 et seq.) requires the assessment of emissions fees necessary to operate the Title V required activities of the District.~~ This regulation establishes emissions fees required by Title V of the Clean Air Act, 42 USC 7661 et seq., permit fees, and additional program fees.

SECTION 1 General Provisions

1.1 The permit fees listed in this regulation ~~Section 2~~ shall apply to Fiscal Year (FY) 2013~~2~~ (July 1, 2012~~011~~, to June 30, 2013~~2~~) except those fees listed in Section 12, which apply to all stationary sources beginning in FY 2014 (July 1, 2013 to June 30, 2014) and thereafter.

1.2 For each fiscal year after FY 2012, emissions fees shall be calculated by multiplying the total of all the single pollutant actual emissions in tpy for the calendar year preceding the start of the fiscal year by the product of (1) the fee rate for the previous fiscal year and (2) shall be adjusted by the sum of 1 plus the fractional change in the annual Consumer Price Index (CPI) as most recently published by the EPA, available at www.epa.gov/air/oagps/permits/fees.html. The District shall make available, at the beginning of each fiscal year, a list of the fees applicable to that fiscal year.

1.3 The District shall issue a statement of fees from the date the most recent permit expired through the end of FY 2013 to a stationary source operating pursuant to an application shield under Regulation 2.17 or authorized to continue operating in compliance with the latest minor source operating permit issued by the District. ~~Stationary sources that are determined by the District pursuant to Regulation 2.02 section 2.3 to be exempt are not subject to this provision.~~

1.4 Fees for permits to construct or modify, an initial, or renewing authorization to operate, or permits for Asbestos Demolition/Renovation Projects shall be paid prior to issuance.

1.5 Fees for construction permits and first-issue and renewing operating permits issued in FY 2013 shall be prorated to one year. Thereafter, annual fees shall be assessed pursuant to the schedule of fees in Section 12.

1.6 Minor sources constructing in FY 2013 shall pay the applicable construction permit fee listed in Section 4 of this regulation prior to the issuance of a combined construction operating permit.

1.7 Beginning in FY 2014, the District shall issue an annual statement of fees to stationary sources authorized to operate in ~~Louisville Metro~~ Jefferson County pursuant to Section 12.

[If adopted, this would amend the November 16, 2011, version of Regulation 2.08.]

[Approved by the Policy Committee on February 20, 2013, for Public Review]

[Changes to Draft #2 are redlined and double underlined]

1.8 Payment of fees for the Strategic Toxic Air Reduction (STAR) and Risk Management Plan (RMP) programs, operating permits, emissions fees, and the fees in section 1.3 are due within 45 days of the billing date. The District may approve an installment schedule of payments.

1.8.1 Failure to pay an applicable fee when due is a violation of District regulations.

1.8.2 Stationary sources failing to pay fees may be subject to penalties and an increase in the fee of an additional 5% per month up to a maximum of 25% over the original amount due.

1.8.3 Failure to pay emissions fees within 60 days of the due date shall automatically suspend the stationary source's authorization to operate until the fees are paid or the District has approved a payment schedule in writing.

1.9 The fiscal year used for determining the applicable permit fee is as follows:

1.9.1 For construction permits, permit transfers, and asbestos demolition/renovation permits, the fiscal year in which the permit is issued.

1.9.2 For first-issue minor source operating permits, the fiscal year in which the construction permit expires and is not renewed pursuant to section 4.5.

1.9.3 For first-issue federally enforceable District-origin operating permits (FEDOOPs), the fiscal year in which construction or minor source operating expires and is not renewed, and

1.9.4 For renewal operating permits, the fiscal year in which the previous operating permit expires.

1.10 Operating permit fees for non-Title V stationary sources are based on potential to emit for the entire stationary source.

1.11 The District may, at its discretion, adjust the term of an individual permit to conform with its inspection schedules of stationary sources or to aid in program implementation.

SECTION 2 Title V Emissions Fees

~~1.2.1~~ Applicability. Annual emissions fees are required from all major sources subject to the operating permit requirements of Regulation 2.16 ~~Title V Operating Permits~~.

~~1.2.2~~

~~Except as provided in section 1.3 or 1.4,~~ emissions fees shall be calculated based on the actual emissions of the following pollutants: sulfur dioxide (SO₂), nitrogen oxides (NO_x), PM₁₀, PM condensables, volatile organic compounds (VOCs), and hazardous air pollutants (HAPs), from the stationary source for the calendar year (CY) preceding the start of the fiscal year in which the fee is due.

~~1.2.12.3~~ ~~For Fiscal Year (FY) 2012 (July 1, 2011, through June 30, 2012), e~~missions fees shall be calculated by multiplying the total of all the single pollutant actual emissions in tons per year (tpy) for CY 201~~10~~¹⁰ by the fee rate of ~~-\$48.92~~\$50.10 per ton.

~~1.2.2~~ ~~For each fiscal year after FY 2012, emissions fees shall be calculated by multiplying the total of all the single pollutant actual emissions in tpy for the calendar year preceding the start of the fiscal year by the product of (1) the fee rate for the previous fiscal year and (2)~~

[If adopted, this would amend the November 16, 2011, version of Regulation 2.08.]

[Approved by the Policy Committee on February 20, 2013, for Public Review]

[Changes to Draft #2 are redlined and double underlined]

~~the sum of 1 plus the fractional change in the annual Consumer Price Index (CPI) as most recently published by the EPA, available at www.epa.gov/air/oagps/permits/fees.html.~~

1.3.2.4 The total annual emissions fee shall be the sum of the single pollutant fees except that:

~~1.3.12.4.1~~ 1.3.12.4.1 —No pollutant shall be counted in more than one single pollutant category,

~~1.3.22.4.2~~ 1.3.22.4.2 —No more than 4,000 tpy of the actual emissions of a single pollutant shall be counted toward the total emissions of a stationary source.;

~~1.3.32.4.3~~ 1.3.32.4.3 —Emissions of carbon monoxide and greenhouse gases (GHGs) subject to regulation pursuant to Regulation 2.16 shall not be counted toward the total emissions.;

1.4.2.5 Emissions statements are required to be submitted annually in accordance with Regulation 1.06 ~~Source Self-Monitoring and Reporting~~. If data for the preceding year are not submitted, the District shall determine the fees based on potential to emit.

~~1.5 — Payment of annual emissions fees is due within 45 days of the billing date. The District may approve an installment schedule of payments to be made not more frequently than quarterly.~~

~~1.6 — Failure to pay emissions fees when due is a violation of District regulations. This failure is subject to penalties and an increase in the fee of an additional 5% per month up to a maximum of 25% over the original amount due. In addition, failure to pay emissions fees within 60 days of the due date shall automatically suspend the stationary source's permits to operate until the fees are paid or the District has approved a payment schedule in writing.~~

SECTION 23 Filing Application and Banking Permit Permit Fees

~~2.1 — The permit fees listed in this Section 2 shall apply to Fiscal Year 2012 (July 1, 20011, to June 30, 2012).~~

~~2.2 — Permit fees shall be calculated by multiplying the applicable permit fee for the previous fiscal year by the sum of 1 plus the fractional change in the CPI (as used in section 1.2), rounded to the nearest dollar. The District shall make available, at the beginning of each fiscal year, a list of the permit fees applicable to that fiscal year.~~

3.1 Applicability. Stationary sources ~~in Louisville Metro~~ shall pay a filing ~~n-application~~ fee to the District in accordance with Regulations 2.02 and 2.03, 2.16, and 2.17.

3.2 Filing Application fees shall be paid at the time an application is submitted to the District as follows:

3.2.1 Minor and Registered sources \$500

3.2.2 FEDOOP construction or operating permit \$750

3.2.3 Title V construction or operating permit \$1,000

~~2.33.3~~ 2.33.3 An existing stationary source permitted pursuant to Regulation 2.03 shall not be required to pay a ~~n-application-filing~~ application fee if ~~later~~ authorized as an exempt stationary

source pursuant to Regulation 2.02.~~The fiscal year used for determining the applicable permit fee is as follows:~~

~~2.3.1 For construction permits, permit transfers, and asbestos demolition/renovation permits, the fiscal year in which the permit is issued;~~

~~2.3.2 For first issue minor source operating permits, the fiscal year in which the construction permit expires and is not renewed pursuant to section 2.5.3;~~

~~2.3.4 For first issue federally enforceable District-origin operating permits (FEDOOPs), the fiscal year in which the FEDOOP is issued, and~~

~~2.3.5 For renewal operating permits, the fiscal year in which the previous operating permit expires.~~

~~2.4 Permit fees (except permit transfers and asbestos demolition/renovation permits) shall be based on the pollutant that has the largest potential to emit and are on a per permit basis.~~

~~2.4.1 Construction permit fees are based on potential to emit for the total project.~~

~~2.4.2 Operating permit fees are based on potential to emit for the entire stationary source.~~

3.4 Banking Permit (issuance or reissuance with modification, no renewal required.)

..... \$596

SECTION 4 Construction Permit Fees

4.1 Applicability. This section applies to each stationary source constructed in Jefferson County—Louisville—Metro. Permit fees (except permit transfers, asbestos demolition/renovation permits, and stationary sources exempt in accordance with Regulation 2.02 or registered in accordance with Regulation 2.03) shall be based on the pollutant that has the largest potential to emit and are on a per permit basis.

4.2 Construction permit fees are based on potential to emit for the total project.

~~2.5.14.3 Construction permits shall be valid for a period of one year.~~ The fee for each permit shall be determined as follows:

~~2.5.1.14.3.1~~

Subject to Federal PSD/NSR (includes "net-outs," "offsets," and other exemptions,

-or subject to NSPS or NESHAPs) \$8,~~357~~⁴⁶⁰

~~2.5.1.24.3.2~~

100 tpy or more, the basic fee is \$5,~~571~~⁴⁴⁰

~~2.5.1.2.14.3.2.1~~

Subject to NSPS, add to the basic fee \$1,~~989~~⁴²

~~2.5.1.2.24.3.2.2~~

Subject to NESHAPs, add to the basic fee ~~\$1,989~~⁴²

~~2.5.1.34.3.3~~

Less than 100 tpy, but greater than or equal to 50 tpy, the basic fee is \$3,~~383~~⁰³

~~2.5.1.3.14.3.3.1~~

Subject to NSPS, add to the basic fee \$1,~~493~~⁵⁸

[If adopted, this would amend the November 16, 2011, version of Regulation 2.08.]

[Approved by the Policy Committee on February 20, 2013, for Public Review]

[Changes to Draft #2 are redlined and double underlined]

2.5.1.3.24.3.3.2

Subject to NESHAPs, add to the basic fee \$1,493~~58~~

2.5.1.44.3.4

Less than 50 tpy, but greater than or equal to 10 tpy, the basic fee is \$1,294~~64~~

2.5.1.4.14.3.4.1

Subject to NSPS, add to the basic fee \$995~~72~~

2.5.1.4.24.3.4.2

Subject to NESHAPs, add to the basic fee ~~7.~~ _____ \$972

2.5.1.54.3.5

New Stage II Gasoline Dispensing Facilities \$2,890~~22~~

2.5.1.64.3.6

Modified Stage II Gasoline Dispensing Facilities for which testing or retesting is necessary \$1,154~~27~~

2.5.1.74.3.7

Less than 10 tpy, but greater than or equal to 5 tpy, or Stage I Gasoline Dispensing Facilities of greater than 1000 gallon capacity, the basic fee is \$995~~72~~

2.5.1.7.14.3.7.1

Subject to NESHAPs or NSPS, add to the basic fee \$498~~86~~

2.5.1.84.3.8

Stage I Gasoline Dispensing Facilities of greater than 250 gallon capacity but less than or equal to 1000 gallon capacity \$2493

2.5.1.94.3.9

Less than 5 tpy and subject to NSPS or NESHAPs (except asbestos demolition/ renovation projects subject to Section 7~~section 2.8~~), the basic fee is \$698~~82~~

2.5.1.104.3.10

Less than 5 tpy and not subject to NSPS or NESHAPs \$372~~63~~

2.5.1.114.3.11

Permit transfers _____ \$99~~97~~

2.5.24.4

If a source submits simultaneous applications for construction permits for two or more identical pieces of equipment at the same location, the fee shall be the same as that specified for one piece of equipment.

2.5.34.5

Construction permits may be renewed until the project is completed and the affected facility is in operation unless otherwise provided in Regulation 2.03-~~Permit Requirements~~ ~~Non Title V Construction and Operating Permits and Demolition/Renovation Permits~~. The construction permit renewal fee shall be e ~~e~~ _____ \$894~~73~~ or the applicable construction permit fee, whichever is greater~~less~~.

SECTION 5 Minor Source Operating Permit Fees

[If adopted, this would amend the November 16, 2011, version of Regulation 2.08.]

[Approved by the Policy Committee on February 20, 2013, for Public Review]

[Changes to Draft #2 are redlined and double underlined]

~~2.6.15.1~~ 2.6.15.1 Applicability. Minor source operating permits are issued to stationary sources that are not subject to the emissions fees of Section 24 or the permit fees of ~~s~~Sections 2.7 6 and 7.

~~2.6.25.2~~ 2.6.25.2 ~~M~~Except as provided in Section 3, minor source operating permits are valid ~~for 5~~ years ~~until~~ if no changes are made to the process operation equipment, the air pollution control equipment, ~~or the raw materials;~~ or if there is no increase in the pollutant emission rate increases. If changes are proposed, the owner or operator shall apply for the appropriate permits and any resulting permits shall be issued at full fee.

~~2.6.3 Expiration dates of minor source operating permits shall be adjusted to a common date and fees shall not be prorated.~~

~~2.6.4~~

~~Minor source operating permits are issued on an equipment basis and the District may require multiple permits.~~

~~2.6.55.3~~ 2.6.55.3 The fee for each minor source operating permit shall be determined as follows:

~~2.6.5.15.3.1~~ 2.6.5.15.3.1 Reissuance of a permit for which the sole change is the name or address of the stationary source (this does not include change of owner or operator or relocation) . . .

..... \$~~587~~ 587

~~2.6.5.25.3.2~~ 2.6.5.25.3.2 Greater than or equal to 100 tpy but not subject to the Title V program \$~~1,543~~ 1,543

~~2.6.5.35.3.3~~ 2.6.5.35.3.3 Less than 100 tpy, but greater than or equal to 50 tpy, the basic fee is \$~~618~~ 618

~~2.6.5.45.3.4~~ 2.6.5.45.3.4 Less than 50 tpy, but greater than or equal to 10 tpy, the basic fee is \$~~465~~ 465

~~2.6.5.55.3.5~~ 2.6.5.55.3.5 Less than 10 tpy, but greater than or equal to 5 tpy, or Stage I Gasoline Dispensing Facilities, the basic fee is \$~~306~~ 306

~~2.6.5.65.3.6~~ 2.6.5.65.3.6 Less than 5 tpy, the basic fee is \$~~231~~ 231

~~2.6.5.75.3.7~~ 2.6.5.75.3.7 Gasoline Dispensing Facilities - Stage II, add to the Stage I fee per fueling position \$~~246~~ 246

~~2.6.5.85.3.8~~ 2.6.5.85.3.8 Subject to NSPS, add to the applicable basic fee \$~~797~~ 797

~~2.6.5.95.3.9~~ 2.6.5.95.3.9 Subject to NESHAPs, add to the applicable basic fee \$~~797~~ 797

~~2.6.5.105.3.10~~ 2.6.5.105.3.10 Greater than 5 tpy of a single HAP or greater than 10 tpy of all HAPs combined, add to the applicable basic fee \$~~797~~ 797

~~Banking Permit (issuance or reissuance with modification, no renewal required.)~~

..... \$~~582~~ 582

~~2.6.5.115.3.11~~ 2.6.5.115.3.11 Permit transfers \$~~997~~ 997

SECTION 6 Federally Enforceable District Origin Operating Permit (FEDOOP) Fees

~~2.7.16.1~~ 2.7.16.1 Applicability. FEDOOPs are issued to stationary sources pursuant to Regulation 2.17 Federally Enforceable District Origin Operating Permits.

[If adopted, this would amend the November 16, 2011, version of Regulation 2.08.]

[Approved by the Policy Committee on February 20, 2013, for Public Review]

[Changes to Draft #2 are redlined and double underlined]

~~2.7.26.2~~ ~~FEDDOPs are valid for 5 years unless voided at the request of the applicant or~~
~~revoked pursuant to Regulation 2.17 section 6.5.~~ Permit fees (except permit transfers and
asbestos demolition/renovation permits) shall be based on the pollutant that has the
largest potential to emit and are on a per permit basis.

~~2.7.36.3~~

The FEDDOOP fee shall be the sum of the following:

~~2.7.3.1~~ 6.3.1 Special processing fee (including cost of public notification) \$~~618~~03
 and

~~2.7.3.2~~ 6.3.2 The sum of the permit fees for all of the emissions units at the stationary source that
 would normally be assessed pursuant to ~~s~~Section 52.6 if the stationary source had not
 applied for a FEDDOOP.

~~2.7.26.4~~ The fee for initial issuance of a FEDDOOP ~~pursuant to section 2.7.3~~ shall be
 adjusted on a prorated basis to account for the unexpired term of any previously issued
 operating permits pursuant to ~~s~~Section 52.6.

~~2.7.56.5~~ The fee for revision of a FEDDOOP shall be the amount that ~~, in the absence of~~
~~section 2.7,~~ would have been required by ~~s~~Section 2.5 or 2.6 4 or 5.

~~2.7.6 The fee for the initial FEDDOOP and subsequent renewal FEDDOPs shall be divided by~~
~~the number of years for which that FEDDOOP is issued and the District shall issue a~~
~~statement of fees annually for the calculated quotient.~~

SECTION 7 Permits for Asbestos Demolition/Renovation Projects

~~2.8.7.1~~ Applicability. The permit fee or notification fee for asbestos demolition/renovation
 projects shall be determined as follows:

~~2.8.17.1.1~~ Friable asbestos demolition/renovation projects:

~~2.8.1.1~~ 7.1.1.1

The basic permit fee including the first 1500 linear or square feet \$~~797~~78

~~2.8.1.2~~ 7.1.1.2

Add to the basic permit fee for each additional full or partial increment of 1500 linear or square
 feet, up to a total of 5 increments \$~~797~~78

~~2.8.1.3~~ 7.1.1.3

Add to the basic permit fee for each additional full or partial increment beyond
 the first 5 increments of 1500 linear or square feet \$~~177~~3

~~2.8.27.1.2~~

Friable asbestos demolition/renovation projects using glovebags:

~~2.8.2.17.1.2.1~~ The basic permit fee including the first 1500 linear or square feet \$~~498~~86

~~2.8.2.2~~ 7.1.2.2

[If adopted, this would amend the November 16, 2011, version of Regulation 2.08.]

[Approved by the Policy Committee on February 20, 2013, for Public Review]

[Changes to Draft #2 are redlined and double underlined]

Add to the basic permit fee for each additional full or partial increment of 1500 linear or square feet \$49886

2.8.37.1.3

Category I and II asbestos demolition/renovation projects:

~~2.8.3.1~~7.1.3.1 -The basic permit fee including the first 3,000 linear or square feet \$2970

~~2.8.3.2~~7.1.3.2 —Add to the basic permit fee for each additional full or partial increment of 3,000 linear or square feet, up to a total of 100 increments ~~297~~0

~~2.8.3.3~~7.1.3.3 —Add to the basic permit fee for each additional full or partial increment beyond the first 100 increments of 3,000 linear or square feet \$653

~~2.8.4~~7.1.4 Notification fee for all asbestos demolition/renovation projects for which the quantity involved is less than 260 linear feet on pipes and 160 square feet on other facility components, or 35 cubic feet of facility components if the length or area could not be measured previously..~~(sections 2.1 to 2.3 apply)~~ \$387

~~2.8.5~~7.1.5 —Each address on a multiple-dwelling project shall be assessed a fee based on the criteria in sections ~~2.8.1 to 2.8.4~~7.1.1 to 7.1.4.

~~2.8.7~~7.1.6 A single permit may be issued with any number of combinations of projects described in sections ~~2.8.1 to 2.8.4~~7.1.1 to 7.1.4.

~~2.8.7~~7.1.7 If the project involves both a material that is measured in linear feet and a different material that is measured in square feet, the number of linear feet and square feet shall be added to determine the applicable fee.

~~2.8.8~~7.1.8 If approved by the District, the amount of material involved in a project may be determined in cubic feet. For the purpose of section ~~2.8.1~~7.1.2, an increment shall be 330 cubic feet. For the purpose of section ~~7.1.3~~2.8.3, an increment shall be 660 cubic feet.

~~2.8.9~~7.1.9

The fee for a second and each subsequent revision to an issued permit for an asbestos demolition/renovation project shall be 10% of the fee for the initially issued permit.

~~2.8.10~~7.1.10

Additional fee for each requested inspection or assistance provided outside of the District's working hours of 8:00 a.m. to 5:00 p.m. weekdays, on a weekend, or on a holiday. Requests shall be in writing and are subject to the District's approval . \$1972

~~2.8.11~~7.1.11 Emergency permit fee \$25

SECTION 8 Plantwide Applicability Limit (PAL) Permits

~~2.9~~8.1 ~~PAL Permit Fees~~Applicability. ~~A permit containing a plantwide applicability limit (PAL) shall be valid for ten years.~~ Fees for PAL permits shall be:

~~2.9.1~~8.1.1

Initial PAL permit issuance \$8,357160

[If adopted, this would amend the November 16, 2011, version of Regulation 2.08.]

[Approved by the Policy Committee on February 20, 2013, for Public Review]

[Changes to Draft #2 are redlined and double underlined]

2.9.28.1.2

Annual PAL fee during the PAL permit effective period \$2,082~~33~~

2.9.38.1.3 Renewal of a PAL permit

... \$8,357~~160~~

2.9.48.1.4

Increasing a PAL during the PAL permit effective period

\$8,357~~160~~

~~2.10 Permit fees are payable by cash, check, or money order to the District and due 45 days after the issuance of a statement of fees by the District.~~

~~2.11 Failure to timely pay for permits may cause the issuance of a notice of violation and appropriate enforcement action, including penalties.~~

~~2.11.1 Failure to timely pay for permits issued pursuant to section 2.8 may also cause the requirement that permits be paid for only by cash, money order, or cashier's check and at the time of issuance.~~

~~2.11.2 Failure to pay for permits issued pursuant to sections 2.5.1.1 to 2.5.1.10, 2.6, or 2.7 within 60 days of the due date may also cause the suspension of the unpaid permits until the fees are paid or the District has approved a payment schedule in writing.~~

SECTION 3 Permit Renewal And Transfer

~~3.1 All stationary sources shall renew operating permits every 5 years.~~

~~3.2 The District may, at its discretion, adjust individual permit terms by up to one year to conform with its inspection schedules of stationary sources.~~

~~3.3 The District may, at its discretion, adjust an individual non Title V operating permit term by an amount greater than one year.~~

~~3.3.1 If, at the time of operating permit renewal, the District adjusts the permit term by more than one year, the permit fee (other than the special processing fee pursuant to section 2.7.3.1) shall be adjusted on a prorated basis to account for the shorter term.~~

~~3.3.2 If, during the term of an operating permit, the District adjusts the permit term by more than one year, the permit fee (other than the special processing fee pursuant to section 2.7.3.1) for the subsequent permit renewal shall be adjusted on a prorated basis to account for the shorter term.~~

~~3.4 Non Title V construction and operating permits may be reissued to a new owner or operator (transferred) if:~~

3.4.1 ~~A written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the current and new permittee has been submitted to the District, and~~

3.4.2 ~~The District determines that no other changes in the permit are necessary.~~

3.5 ~~The transfer of construction and operating permits at Title V stationary sources is subject to the requirements of Regulation 2.16 sections 1.3.4 and 5.4.~~

3.6 ~~Banking permits are not subject to periodic renewal. However, a modified banking permit subject to the permit fee provisions of section 2.6.5.11 shall be issued after each banking transaction, whether ERCs are deposited or removed.~~

SECTION 49 Review of Permit and Emissions Fees

~~4.1~~9.1 Permit fees may be reviewed by the Board in accordance with KRS 77.205.

~~4.2~~9.2

The Board may, by regulation, adjust the Title V emissions fee rate applicable to a fiscal year if ÷

~~4.2.1~~ ~~†The District recommends, to the appropriate committee of the Board,~~ an adjusted fee rate based on the District's actual expenses incurred during the previous fiscal year, the District's projected expenses for the current fiscal year, and the total for all affected stationary sources of all single pollutant actual emissions for the previous calendar year.

~~4.2.2~~ ~~The Board committee reviews the information in section 4.2.1 and makes a recommendation to the full Board;~~

~~4.2.3~~ ~~The public is provided with at least 30 days' notice and opportunity to comment prior to the public hearing in section 4.2.4, with legal notice made in accordance with KRS Chapter 424 Legal Notices; and~~

~~4.2.4~~ ~~The Board holds a public hearing on the proposed action to adjust the Title V emissions fee rate.~~

~~4.3~~9.3 If the Board adjusts the Title V emissions fee rate applicable to a fiscal year, the new rate shall be retroactive to the previous July 1.

SECTION 510 Risk Management Plan Program Fees

~~5.1~~10.1 Applicability. ~~Beginning in Fiscal Year 1999, annual~~ Risk Management Plan (RMP) program fees are required annually from all stationary sources that are subject to the requirements of Regulation 5.15 ~~Chemical Accident Prevention Provisions, except for those stationary sources that are also subject to Title V emissions fees pursuant to Section 4.~~

[If adopted, this would amend the November 16, 2011, version of Regulation 2.08.]

[Approved by the Policy Committee on February 20, 2013, for Public Review]

[Changes to Draft #2 are redlined and double underlined]

~~5.2~~10.2 The RMP program fees ~~for Fiscal Year 2012~~ shall be based on the highest RMP program level for any process at the source. ~~is~~ The RMP program fees for FY 2013 are:-

10.2.1	RMP Program 1	\$723
10.2.2	RMP Program 2	\$1,250
10.2.3	RMP Program 3	\$2,647
.....		\$706

~~5.3~~ The RMP program fee shall be calculated by multiplying the fee for the previous fiscal year by the sum of 1 plus the fractional change in the CPI (as used in section 1.2), rounded to the nearest dollar.

~~5.4~~ RMP program fees are payable by cash, check, or money order to the District and due 45 days after the issuance of a statement of fees by the District. Failure to timely pay RMP program fees may cause the issuance of a notice of violation and appropriate enforcement action.

SECTION 611 STAR Program Fees

~~6.1~~11.1 Applicability. Applies to Group 1 and 2 stationary sources as defined in Regulation 5.00.

The STAR Program fees for Fiscal Year 2013~~2~~ are:

~~6.2~~11.1.1 For a Group 1 stationary source, the sum of:

~~6.2.1~~11.1.1.1 \$5,~~691~~557, plus

~~6.2.2~~11.1.1.2 \$2083 per ton of actual emissions of HAPs and ammonia from the Group 1 ~~Title V~~ source for calendar year 2010.

11.1.2 For a Group 2 stationary source:

11.1.2.1 -\$5~~57~~66

~~53.~~

~~6.3~~ The STAR Program fee shall be calculated by multiplying the fee in section 6.2 for the previous fiscal year by the sum of 1 plus the fractional change in the CPI (as used in section 1.2), rounded to the nearest dollar. The District shall make available, at the beginning of each fiscal year, a list of the STAR fees for that fiscal year.

~~6.4~~ STAR fees are payable by cash, check, or money order to the District and due 45 days after the issuance of a statement of fees by the District. Failure to timely pay STAR fees may result in the issuance of a notice of violation and appropriate enforcement action, including penalties.

SECTION 12 Schedule of Fees Beginning in FY 2014

~~SECTION 1~~ 12.1 Applicability. The following schedule of fees applies to all stationary sources in accordance with Sections 1 and 2 of this regulation beginning in FY 2014.

480 12.2 General Provisions.

481 12.2.1 Each fiscal year, the fee rate for the previous fiscal year shall be adjusted by the sum
482 of 1 plus the fractional change in the annual Consumer Price Index (CPI) as most
483 recently published by the EPA, available at
484 www.epa.gov/air/oaqps/permits/fees.html. The District shall make available, at the
485 beginning of each fiscal year, a list of the fees applicable to that fiscal year.

486 12.2.2 Fees for permits to construct, an initial or renewing authorization to operate, or
487 permits for Asbestos Demolition/Renovation Projects shall be paid prior to issuance.

488 12.2.3 The District shall issue an annual statement of fees to stationary sources authorized to
489 operate in Jefferson County.

490 12.2.4 Payment of fees for the Strategic Toxic Air Reduction (STAR) and Risk Management
491 Plan (RMP) programs, operating permits, and emissions fees are due within 45 days
492 of the billing date. The District may approve an installment schedule of payments.

493 12.2.4.1 Failure to pay an applicable fee when due is a violation of District regulations.

494 12.2.4.2 Stationary sources failing to pay fees may be subject to penalties and an increase
495 in the fee of an additional 5% per month up to a maximum of 25% over the
496 original amount due.

497 12.2.4.3 Failure to pay emissions fees within 60 days of the due date shall automatically
498 suspend the stationary source's authorization to operate until the fees are paid or
499 the District has approved a payment schedule in writing.

500 12.2.5 The fiscal year used for determining the applicable permit fee is as follows:

501 12.2.5.1 For construction permits, permit transfers, and asbestos demolition/renovation
502 permits, the fiscal year in which the permit is issued,

503 12.2.5.2 For first-issue federally enforceable District-origin operating permits (FEDOOPs),
504 the fiscal year in which construction or minor source operating expires and is not
505 renewed, and

506 12.2.5.3 For renewal operating permits, the fiscal year in which the previous operating
507 permit expires.

508 12.2.6 The District may, at its discretion, adjust the term of an individual permit to conform
509 with its inspection schedules of stationary sources or to aid in program
510 implementation.

511 12.3 Title V emissions fees: Applicability. Annual emissions fees are required from all
512 major sources subject to the operating permit requirements of Regulation 2.16.

513 12.3.1 Emissions fees shall be calculated based on the actual emissions of the following
514 pollutants: sulfur dioxide (SO₂), nitrogen oxides (NO_x), PM₁₀, PM condensables,
515 volatile organic compounds (VOCs), and hazardous air pollutants (HAPs), from
516 the stationary source for the calendar year (CY) preceding the start of the fiscal
517 year in which the fee is due.

519 12.3.2 Emissions fees shall be calculated by multiplying the total of all the single
520 pollutant actual emissions in tons per year (tpy) for CY 2013 by the fee rate of
521 \$50.10 per ton.

522 12.3.3 The total annual emissions fee shall be the sum of the single pollutant fees except
523 that:

[If adopted, this would amend the November 16, 2011, version of Regulation 2.08.]

[Approved by the Policy Committee on February 20, 2013, for Public Review]

[Changes to Draft #2 are redlined and double underlined]

12.3.3.1 No pollutant shall be counted in more than one single pollutant category.

12.3.3.2 No more than 4,000 tpy of the actual emissions of a single pollutant shall be counted- toward the total emissions of a stationary source.

12.3.4 Emissions statements are required to be submitted annually in accordance with Regulation 1.06 ~~Source Self Monitoring and Reporting~~. If data for the preceding year are not submitted, the District shall determine the fees based on potential to emit.

12.4 Stationary sources ~~in Louisville Metro~~ shall pay a filing n-application fee to the District in accordance with Regulations 2.02, and 2.03, 2.08, 2.17, and 2.16.

12.5 ~~Application Filing~~ fees shall be paid at the time an application is submitted to the District in accordance with this schedule.

12.6 An existing stationary source permitted pursuant to Regulation 2.03 shall not be required to pay a filing n-application fee if later authorized as an exempt stationary source pursuant to Regulation 2.02.

12.7 The fee for the initial issuance of a Registration shall be adjusted on a prorated basis to account for the unexpired term of any previously issued operating permits issued pursuant to Regulation 2.03 or 2.17.

12.8 “PSD pollutants” for purposes of this regulation mean PM, PM_{2.5}, PM₁₀, SO₂, NO_x, VOC, CO, Lead, Fluorides, Sulfuric Acid Mist, H₂S, Total Reduced Sulfur (including H₂S), Reduced Sulfur Compounds (including H₂S), Municipal Waste Combustor Acid Gases, Municipal Waste Combustor Metals, Municipal Waste Combustor Organics, Municipal Solid Waste Landfill Emissions, and GHGs.

12.9 Asbestos Demolition/Renovation projects.

12.9.1 All fees are assessed on each address of a multiple-dwelling project.

12.9.2 A single permit may include a combination of projects.

12.7.3 ~~Notification fee required for all asbestos demolition/renovation projects for which the quantity involved is less than 260 linear feet on pipes and 160 square feet on other facility components, or 35 cubic feet of facility components if the length or area could not be measured previously~~

12.9.3 If the project involves both a material that is measured in linear feet and a different material that is measured in square feet, the number of linear feet and square feet shall be added to determine the applicable fee.

12.9.4 If approved by the District, the amount of material involved in a project may be determined in cubic feet. An increment shall be 330 cubic feet for friable asbestos.

12.9.5 An increment shall be 660 cubic feet for Category I and II asbestos projects.

12.9.6 The fee for a second and each subsequent revision to an issued permit for an asbestos demolition/renovation project shall be 10% of the fee for the initially issued permit.
